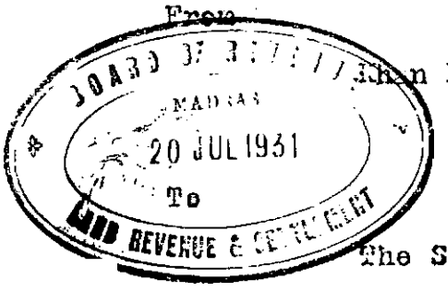
R.O.C. 6262-31-A.6. South Kanara Collector's Office,

Mangalore, 8th July 1931.



From

Khan Bahadur J. Hussain, Bar-at-law,

Collector of South Kanara.

The Secretary to the Board of Revenue,

Land Revenue & Settlement,

M a d r a s.

Sir,

Alienation - Land and Revenue - Karkal Taluk - Mudukodi village - S.Nos.120/3A to 3D - R.C.Mission, Mangalore - Construction of a church and school etc., - extension of time - recommended.

1476m - 1918

3644.45 (K)

In G. O. No. Mis.2535, Revenue, dated 5th July 1918, the Government sanctioned the alienation of the above plots of Mudukodi village for the purpose of a church, a cemetery and a school. The Tahsildar of Karkal now reports that no separate building has been constructed for the school and that the school is now being ~~now ding~~ conducted in the church building itself. One of the conditions of alienation is that the school shall be built within two years from the date of the grant. It is now thirteen years since the plots were alienated to the Mission. The President of the Mission states that for want of funds, a separate building for the school could not be constructed till now. He promises to construct a new building for the school after the monsoon is over and requests that an extension of time for one year may be granted for the purpose. I recommend that one year's extension of time may be granted to the Mission as a last chance.

R.O.C.No. 71-6. South Kanara Collector's Office,

Mangalore, 18th October 1931.

From

Abdur J. Hussain, Bar-at-Law,

Collector of South Kanara.

To

The Secretary to the Board,

Land Revenue & Settlement,

Madras.

Sir,

Alienation - Land - South Kanara - Karkal Taluk - Kuducodi village - S.Nos.120/2A to 2E - Roman Catholic Mission, Mangalore - construction of a Church, School, School garden and cemetery - Report submitted.

---

pp 344 cf Reference:- Board's Proceedings No.3883-31-1, dated 30th July 1931.

---

(1) Para 1 of Board's Reference:

Plotted sketches in duplicate of the alienated plots are enclosed. The following subdivisions were alienated for the purpose noted against each.

S.No.	Extent. A.C.	Purpose for which it was alienated
120/2A	0.64	School garden
2B	0.36	
2D	0.25	School
	1.25	
2C	0.30	Church.
2E	0.03	for a cemetery.

H 459 (K) The original extent alienated for the cemetery in G.O.No.Misc. 2535-Rev. dated 5-7-1918 was 70 cents. The Tahsildar reports that the area of S.No.120/2E has undergone a diminution at the Land Records Tahsildar's scrutiny.

(2) Para 1 (i) of Board's Reference:

pp 44 459 (K) Under condition (4) para 2 of G.O.No.Misc.2535-Rev. dated 5-7-1918, the compensation payable, in the event of

resumption, is not to exceed the initial cost or the value at the time of resumption, whichever is less, of any buildings erected on the land.

(3) Para I (ii) of Board's Reference:

S.No.120/1 of Muducodi measuring 3 acres 92 cents was assigned to the Mission, for residential purposes, sanction having been accorded for its assignment, in G.O.No.3534 Mis. dated 29-10-1918. The Mission has enclosed S.No.120/1, together with the plots alienated, with a substantial mud wall which is estimated to cost at about Rs.200/-. Besides the wall, S.No.120/1 is said to contain a thatched house, costing about Rs.50/-, a well costing about Rs.25/-, and a few Jack, Mango and Cocoanut trees.

(4) S.Nos.120/2A and 120/2B. These were alienated for the school garden. There is no garden on them.

(5) S.No.120/2C. Alienated for Church construction is also vacant, the Church which is also used as a school having been constructed in S.No.120/2D - set apart for school - due it is said, to there being no Survey stones marking off the subdivisions. The original cost of the Church is estimated at Rs.300/-; but its materials might not fetch more than Rs.80/- if sold now.

(6) The school is said to be conducted in the main hall of the chapel building and its verandah.

(7) The Vicar in charge objects to the resumption of all or any of the plots on the ground that as there are no old catholics in the village, the Church and the school are primarily intended for the Adi dravida converts and their children, who from the Tahsildar's report, do not appear to be interesting themselves much in education.

(8) S.No.120/2E. The plot set apart for the cemetery is vacant, but the Vicar's contention seems to be that so long as the Church exists in S.No.120/2D, there should be a cemetery attached to it.

(9) S.No.120/2C. The resumption of this S.No. is objected to on the ground that it may be required for extending

9

the Chapel or for rebuilding it should necessity arise.

(10)In these circumstances, I recommend that as the main purposes of the alienation, namely, the performances of Divine Services and the teaching of the children have been fulfilled, plot/ bearing S.No.120/2D maynot be resumed and 120/2C may also be allowed to continue as it stands, should the Church building be extended at any future time or a separate school erected in it. Plot bearing S.No.120/2A may not also be resumed as a cemetery seems necessary for the Church.

(11)As regards S.Nos.120/2A & 2B no garden having been planted on them and there being not much likelihood of these being planted in the near future, I recommend the resumption of these.

Letter from the Secretary, Parish Union of the Diocese of Mangalore, Kodiyalbail P.O.
To the Collector of South Kanara, Mangalore.
Dated 15th Decr.1931.

In reference to your office note R.O.C.No.6262-31-A6 I beg to submit the following to your kind consideration:-

The Missionaries in charge of Mudcodi, Karkal Taluk, by mistake have built the Church in 120/2D which was assigned for the school instead of building it in 120/2C, which was assigned for the Church. They now will build the school in 120/2C. I therefore request you to be kind enough to make a change in the assignment so that 120/2D for the Church and 120/2C for the school.

The other works i.e. cemetry, garden and playground will be taken in hand soon. So I have the honour to request you to extend the time till the end of June 1932 by which time we hope to put up all the works for which act of kindness we shall be ever grateful.

2/5 of the five plots alienated in F.Y. 2535 Mis of S.Y. 1918, only one plot viz S.No 120-2D measuring 25 cents has been built upon. The collector definitely reports that the other plots are not utilised for the purpose for which they were alienated. The vicar in charge objects to the resumption of all or any of the plots on the ground that there are no old converts in the village & the Church and the School are primarily intended for the Adi-dravida Converts. The reasons adduced are

hardly convincing to
justify the further retention
of the plots in the hands of the
Mission. The Addl-dc remarks
comments do not interest
themselves much in education
- Vide portion marked 'A' at p8c6.
No garden has been laid out. p8c6
and the extent required
for the cemetery (Sub Division 2E) has been p8c6
vacant for cultivation
utilised (But the Collector
recommends that only S. Nos p9c6
120-2 A + 2B measuring one
acre should be resumed.
The reasons for the Collector's
recommendation are set out
in para 10 of his letter. The Mission p9c6.
did not find any use for
for these thirteen years
S Nos 120/2C + 2E, and it is
quite unlikely that it should
find any use for them
in the near future.
Hence further an extent

(S.No 120/2/A. 120/2/B, 120/2/C &c

of four plots, may be recommended to Govt for resumption; ~~the Govt~~

Before addressing Govt it should be decided what compensation should be paid to the Mission. The Collector has stated that the Mission has enclosed S No 120-1 together with the plots aforesaid, with a substantial mud wall estimated to cost about Rs 200/-. The Collector may be requested to report the amount of compensation (that should be paid to the Mission) for that portion of the wall existing on the four plots proposed to be resumed.

The area of the 4 plots proposed to be resumed is 26 to 21. of (1K) only the extents required for the General purposes — church, cemetery and School & its appurtenances - are specified but not the Sub-Division. The church was constructed in Sub-Div 2 D measuring 0-2-5 were intended for the School? The Mission may urge that the Site intended for the cemetery &c

has been kept vacant as there was no occasion for its use. The Collector's recommendation that Sub Division 2 E may not be resumed may be accepted. Sub Divns 2 A, 2 B & 2 C measuring 1.30 acres may be resumed. The Collector may be asked to report the compensation payable under para (4) to the Mission for the removal of the mud wall enclosing the 3 Sub Divisions and to send a copy of the Mission's letter objecting to the resumption.

I told. let them keep nothing but what they have used. 13 years have gone, & the "soft year" promise has already been over ruled.
